# NOTICE OF HOW TO EFFECT DRAWING CHANGES

## 1. Correction of Informalities-37 CFR 1.85

The new drawings, with the changes incorporated therein, must be filed with the application. The application number or the title of the invention, inventor's name, docket number (if any), and the name and telephone number of a person to call in the Office

is unable to match the drawings to the proper application, should be placed on the back of each sheet of drawings in accordance with 37 CFR 1.84(c). ## 2. Timing for Corrections

Applicant is required to submit acceptable corrected drawings within the three-month shortened statutory period set in the Notice of Allowability (PTOL 37). If a correction is determined to be unacceptable by the Office, applicant must arrange to have acceptable corrections resubmitted within the original three-month period to avoid the necessity of obtaining an extension of time and paying the extension fee. Therefore, applicant should file a corrected drawing as soon as possible.

Failure to take corrective action within set (or extended) period will result in ABANDONMENT of the Application.
